

Urban Lifestyle Event

Sunday 20th January 2008 12-2pm

LAVANTA
— GALLERIA —

James Blinkhorn will be at the gallery presenting some of his recent work

Urban Lifestyle Event

With James Blinkhorn and featuring the work of David Farren and Henderson Cisz.

Lavanta Galleria cordially invites you to an afternoon of champagne and canapés in the company of world wide renowned artist James Blinkhorn, who's paintings usually feature sports cars and urban life.

James's powerful, ultra-stylish compositions stop us in our tracks as effectively as the speeding Ferraris and sports cars they portray. A striking example of modern male success, James is talented, innovative and competitive, with that traditional masculine weakness for the sexier things in life - particularly fast cars. His images contrast the myriad greys of sidewalks and skyscrapers with occasional ventures towards the bolder end of the spectrum.

Lavanta offers an unrivalled range of Original paintings and collectable limited editions from an outstanding array of artists, so we do hope you will be able to join us and soak up the atmosphere of the gallery, whilst chatting to James and viewing some of the amazing art work we have on offer.
