“ I am constantly amazed at the wealth of inspiration a familiar city can continue to provide

invitation to come and meet...

The cityscapes of csillaorban...

...occupy a unique position
on the current art market.

Although they depict specific and
often recognisable locations, their
particular brilliance lies in the creation
of atmosphere rather than the
accuracy of detail.

By merging colours and blurring
the reflected light in the rain-slicked
streets, Csilla conveys the fast-moving
essence of her chosen subject in her
own distinctive way.
