FABIAN REPRESENTS

A NEW GENERATION
OF PAINTERS EMERGING
FROM THE TURN OF THE
21ST CENTURY

Fabian has suspended his distinctive colour
palette in two of his new pieces, where he has
chosen to explore a monochrome world, with
the only source of colour being the dashing red
of his trademark signature.

Each is available in a highly collectable deluxe
edition of only 49 special pieces on paper. As
with the rest of the collection, both of these
powerful images are characterised by the
passionate narrative style and an intoxicating
atmosphere that have made his work
so recognisable.

A black and white portrait of Fabian Perez, a man with long dark hair and a mustache, looking directly at the camera with a serious expression.
