## SATURDAY 25TH FEBRUARY 12PM UNTIL 2PM

Peter will be in the gallery to unveil his latest collection of **Original Paintings** and **Collectable Limited Editions**.

Peter's powerful and evocative paintings present a world filled with reflections and shadows. His distinctive style brings to life cities ranging from **New York to Newcastle** with a population of rain-swept, umbrella toting figures hurrying along slick pavements which reflect the lights of the city back out of the canvas.
