This event represents an opportunity for art lovers to come and meet a genuine star of the art world. Rebecca's fun-loving personality has made her a great favourite with the public and she is always delighted to pose for photographs or personalise artwork for collectors.

"Life can be such a turbulent affair, and I see my work as a sanctuary, offering a welcome escape route from a demanding world. My paintings explore the calm participation in the day-to-day activities of coastal life, offering a tranquil reminder of the importance of continuity and community to all of us. Reinforcing these positive aspects of life gives me a more reassuring or even uplifting perspective."
